

## Mission

We are dedicated to becoming the leader in the promotion of socio-economic development through the application of Islamic Economic Principles and Values, providing optimum returns to our shareholders and investors through partnership banking on a risk-reward sharing basis.

## Company Profile

The establishment of Albaraka Bank in South Africa has given the Muslim community the opportunity to conduct their banking and other related financial activities according to economically sound, Islamic financial principles. Today, Muslims and people of other faiths from all over South Africa are banking with, investing in, and using finance from Albaraka Bank.

Like other banks in South Africa, Albaraka Bank is a registered commercial bank and subject to the stringent banking regulations governing all South African banks. However, unlike other South African banks, Albaraka Bank's objective is to provide fully Shari'ah compliant products and services in a manner that will promote the understanding and adoption of Islamic banking practices and economic principles.

Albaraka Bank's own success is consistently confirmed by the continued growth in investor numbers and the competitive returns they receive on their deposits. The Bank, backed by the International Dallah Albaraka Group, is committed to partnership banking, providing optimum returns to its investors on a risk-reward sharing basis, while always promoting the application of Islamic economic principles and values.
